Higher Education

ABSTRACT

The Texas Association of Chicanos in Higher Education (TACHE) is a non-profit professional association committed to improvement of educational opportunities for Americans of Mexican ancestry. It is an association for educators, researchers, administrators, and students in higher education. The 1985 directory lists the 226 association members, including name, membership status (professional, associate, or student), highest academic degree attained, present positions, address, telephone number, and area of expertise or college major for each member. Members are listed alphabetically under one of seven regional divisions; central, far west, gulf, northeast, plains, south, and out-of-state. Names of TACHE officers and entries for the 13 institutional members are included. (NEC)
